It goes without saying Queensland is a vast and fascinating state to explore – not least of all, because once you depart from its lush coastline and start heading inland, it becomes another place entirely.

Jump aboard the Westlander and join us for a journey into the heart of Queensland's deep west. As you depart Brisbane, settle into your comfortable seat and relax, as you dive into a book or the pages of your complimentary onboard magazine.

Throughout your 777km journey you'll travel across the ancient Great Dividing Range, through the rich farmlands of the Darling Downs and right on through to the welcoming town of Charleville. Discover unexpected gems as you pass some of the state's most established wine producing regions and rich grazing country. You can head to the Lounge for a friendly chat and change of scene.

Whether setting off on a "choose your own adventure" or as part of a package, there's an array of outback experiences ahead of you – some planned and part of the itinerary and others, those wonderfully unexpected moments that weave a thread throughout your outback journey.

When you arrive in Charleville, head to the Cosmos Observatory during the day to view sunspots and solar flares, or learn more about the only visible star in the day – the sun. Head back at night and gaze upward to marvel at the twinkling stars scattered in the night sky, viewing distant stars, planets and nebulae! Be sure to stop off at one of the region's most vital functions, the Royal Flying Doctor Service, and meet some of the amazing people that keep the service running. For the ultimate outback experience, acquaint yourself with the 'Cunnamulla Fella', immortalised by Australia's favourite bush poet, Slim Dusty... But before you head home, take a step back in time for a bout of old-fashioned fossicking at Quilpie's renowned boulder opal – you never know your luck!

Whatever your reason for travel, from start to finish your journey into the outback aboard the Westlander is one of discovery.
